Question regarding this Spicer 5spd manual trans----On the pssgr side of the

Online Library International 4700 Manual Transmission Fluid

tranny there is a lable saying to use SAE 50 wt oil in the tranny. Seems no one carries 50wt non detergent around here----will regular gear lube (80wt) be ok? This tranny is in an International 26' box truck with 7.3 diesel. Also, has anyone in here actually worked on one?

type of transmission fluid ...

I have a 4700 IH with a Spicer 6+1. I would say it is not hard to shift but can be difficult. Going from 2nd to 3rd is where I have the most trouble. Seems like the slot is small and hard to line up, downshifting is the same. That is the only trouble I have with mine, if I am in a hurry it is worse.
