History. BS 3197 was formerly the standard for engineering drawing since 1927. Over a period of 72 years it was expanded and edited until its withdrawal in 2000. The BSI Group, who produced the standard, played an important role in the development of the international standard on technical specification in conjunction with the ISO. In 2000, the BS 308 was replaced by the updated BS 8888.
