Art is a reflection of society. Because the arts include various branches of painting, music, literature, dance and other creative activity, they have a significant impact on society, religion, and education, thus deserve the same reverence bestowed upon the sciences. As society expands and grows, art changes to reflect its new developments.

### **How to Regain the Lost Art of Reflection**

After seeing how formal reflection positively informed my teaching, I worked on making shifts with my Art Foundations class, a survey class for 7th and 8th-grade students. One of the first things I did was to make a conscious choice to let go of some of the projects in my curriculum.

### **How to Reveal the Creative Process Through Reflection ...**

I have chosen to do my reflection on the Art Therapy Focusing model in which I facilitated a process for my client, who for the purpose of confidentiality we will call 'Jemima'. This session was conducted at the Phoenix Institute of Australia as a part of the learning model presented by my lecturer within the Art Therapy Module.

### **Reflection of Personal Art Therapy Experience as Facilitator**

As is well known from real life, the reflected image in a horizontal mirror is effectively reflected on a local horizontal plane, so that the left of the original remains on the left of the reflection, but the reflected image is inverted (the top of the reflection shows the lowest part of the original); that is unlike reflections in a mirror positioned vertically, such as those in which we inspect our face, shave, or apply make-up, which (fortuitously) remain uninverted.

The art of happiness is one we have yet to understand well in a capitalistic society. There is a collective soul beneath the surface, that even though you yourself may have "made it", be doing the grandiose holiday, with money in the bank and a big happy family, there is something happening deep in the soul of humanity when so so so many others are left out.
