## **Rocket Science For Babies (Baby University) | Chickadee**

...

This book couldn't decide if it was about aerospace or rocket science. It mentioned putting wings on rockets traveling in space, which is inaccurate. The concepts of lift and drag do not make sense in space. I like the idea of introducing science to babies and young children, but it defetes the purpose if it is incorrect.

## **Amazon.com: Customer reviews: Rocket Science for Babies ...**

A brief explanation of fuel for a rocket ship will send your child tumbling into the fascinating world of rocket science. Your budding scientist will love the simple explanations of complicated concepts." - TheBabySpot.CA "The Baby University board-book series is designed to teach infants about the most fundamental basics of science.
